WHO WE ARE

HFC Consulting Limited is a multi-decade long learning provider, management, training, and consulting firm. Comprising of a team of highly motivated professionals with a passion for change towards increased productivity, we remain focused on our business model that is: satisfying customer service, cost-friendly world class service delivery, and client rapport, in line with growing trends. Our multi-disciplinary mastery is our hallmark of quality. As a learning provider, we are duly accredited by the Centre for Management Development (CMD), and relate with professional and regulatory associations and bodies, including the Industrial Training Fund ITF, PENCOM, NSITF etc. With a vision to be a professional services firm with presence in major cities of the world, HFC runs both local and international trainings in most countries including Ghana, Gambia, South Africa, Kenyan, Dubai, United Kingdom, United States, etc. We develop learning that is interactive, enduring, innovative, value addition, diverse and sustainable with much emphasis on quality. Our major pride remains the ability to deliver quality service to our clients, meet their training needs by providing multi-diverse training courses for maximum choice advantage using our robust faculty.

Our training programs focus on general management, human resources, skill acquisitions and entrepreneurship, business development, training needs identifications and assessment analysis consulting, strategic management, finance and accounts, information technology, audit, risk management, security and safety, governance and society. Our partnering strategy is dynamic, unique and fascinating and cannot be separated from the history of our growth. We maintain strategic partnering arrangements with some key capacity building organizations and renowned consulting firms in the world for our programs. These are well articulated, value adding and life changing programs that aim at translating strategic thinking into operational realities.

This 2026 training manual distinctively presents a more robust, rebranded and redefined outlook to what has ever been witnessed before. It contains well designed and articulated courses which have been tailored to match current trends and realities, whilst introducing the new virtual platform for easy accessibility and convenience in line with our mission to deliver world-class services to our clients in order to create satisfying value. While thanking you for choosing to partner with us, we wish you an exciting and rewarding experience

ENTREPRENEUR RISK MANAGEMENT SERVICES

Risk management is the identification, evaluation, and prioritization of risks (defined in ISO 31000 as the effect of uncertainty on objectives) followed by coordinated and economical application of resources to minimize, monitor, and control the probability or impact of unfortunate events or to maximize the realization of opportunities.

Risk management's objective is to assure uncertainty does not deflect the endeavor from the business goals.
